

NORTH AMERICAN STAINLESS

To our customers:

North American Stainless (NAS) is prepared to certify that all the stainless steel produced by NAS is originally melted at its Ghent, Kentucky USA works, thus all stainless steel it produces has the status of U.S. and NAFTA origin.

A handwritten signature in black ink, appearing to read "Pat Feeley", is written over a horizontal line. The signature is fluid and cursive, with a large initial 'P' and 'F'.

Pat Feeley
