January 10, 2025

Dear Valued Customer

The Buy America program requires federal tax dollars to be spent on steel and iron products that are made in the United States.

The stainless steel produced by North American Stainless are manufactured in the United States meeting the requirements of 23 CFR 635:410. North American Stainless hereby certifies that its products accompanied by a test certificate stating that it is produced within the United States of America are melted, rolled and processed from pour to coating within the United States meets the requirements. Please refer to the test certification as it will specify the location where the steel is manufactured which can then be used for verification, and can be retained for documentation purposes.

Sincerely,

A handwritten signature in blue ink, appearing to read "Maria Eichelberger". The signature is fluid and cursive, written over a white background.
